NGUESSI NJANKOU JEFFERSON GORBATCHEV

Network Administrator & Security

Douala, Cameroon | +237 682 342 249 | nguessijefferson@gmail.com

PROFESSIONAL SUMMARY

Recent graduate with a Professional Bachelor's Degree in Network Administrator and Security and a Higher National Diploma (HND) in Network and Security, supported by two internships within the Network and Telecommunications Department of a major utility company. Experienced in enterprise network design, routing and switching, VLAN implementation, network security, Windows Server administration, and cybersecurity fundamentals. Passionate about designing secure, reliable, and scalable infrastructures while continuously expanding expertise in networking and cybersecurity.

TECHNICAL SKILLS

Networking

TCP/IP • IPv4 & IPv6 • Subnetting • VLAN • Inter-VLAN Routing • STP • EtherChannel • OSPF • DHCP • DNS • NAT • ACL • VPN • MPLS Fundamentals • SD-WAN Fundamentals

Network Security

Firewall Policies • FortiGate Fundamentals • IPSec VPN • SSL VPN • Network Segmentation • Access Control • Security Monitoring • Incident Response • Vulnerability Assessment • Wireshark Analysis

Systems Administration

Windows Server • Active Directory • DNS Server • DHCP Server • Group Policy • File Server • Linux Administration • VMware Workstation

Tools

Cisco Packet Tracer • GNS3 • Wireshark • Nmap • Kali Linux • Visual Studio Code • Microsoft Office

PROFESSIONAL EXPERIENCE

Network & Telecommunications Intern

July 2024 – August 2024

DISI / DASI

- Designed Layer 2 and Layer 3 enterprise network topologies.
- Configured Cisco switches and routers.
- Implemented VLAN segmentation and Inter-VLAN Routing.
- Configured DHCP services.
- Performed troubleshooting using Cisco IOS.
- Monitored network performance.
- Participated in network maintenance operations.

Network & Telecommunications Intern

April 2026 – July 2026

DISI / DASI

- Participated in enterprise network administration.
- Assisted in network security implementation.
- Worked with routing and switching infrastructure.
- Performed network documentation.
- Assisted in system monitoring.
- Contributed to troubleshooting connectivity issues.

ACADEMIC PROJECTS

Enterprise Network Design

- Designed a complete enterprise network using Cisco technologies.

- Implemented VLAN segmentation.
- Configured OSPF routing.
- Configured DHCP.
- Applied ACL security.
- Verified redundancy and connectivity.

Secure SD-WAN Architecture

- Designed an SD-WAN infrastructure using FortiGate.
- Implemented IPSec VPN tunnels.
- Configured SD-WAN policies.
- Implemented firewall security.
- Tested failover and redundancy.

Active Directory Infrastructure

- Installed Windows Server.
- Configured Active Directory Domain Services.
- Implemented DNS and DHCP.
- Managed users, groups, and Group Policy Objects.

EDUCATION

Professional Bachelor's Degree — Network Administrator and Security *2025 – 2026*
Institut Universitaire du Golfe de Guinée (IUG)

Higher National Diploma (HND) — Network and Security *2023 – 2025*
Institut Universitaire du Golfe de Guinée (IUG)

GCE Advanced Level *2022 – 2023*
GBHS Nkongsamba

GCE Ordinary Level *2020 – 2021*
GBHS Ekangté

CERTIFICATIONS

Certified in Cybersecurity (CC) – ISC²

- Security Principles
- Incident Response
- Business Continuity & Disaster Recovery
- Access Control Concepts
- Network Security
- Security Operations

Fortinet NSE Certifications

- NSE 1 – Information Security Threat Landscape 3.0
- NSE 2 – Getting Started with Cybersecurity 3.0
- NSE 3 – FortiGate 7.6 Operator (self-paced)

LANGUAGES

English — Professional • French — Professional

SOFT SKILLS

Analytical Thinking • Team Collaboration • Problem Solving • Communication • Technical Documentation • Adaptability • Time Management • Continuous Learning
